

# Medical & Trauma Moulage Workshop for Simulated Mass Casualty Experiences

January 29-30, 2015  
8:00 am – 4:30 pm

## WHO SHOULD ATTEND:

- MCI Training Coordinators
- Public Health Emergency Preparedness Facilitators
- Police/Fire/Public Officials Simulation Coordinators/Techs.
- First Responders/EMS
- Anyone who works with volunteers/simulation trainers or mass casualty incidents

An Educational Workshop sponsored by  
Camber Corporation & Moulage Concepts

## About the Presenter

### Bobbie Jo Merica

Bio:

- Author:
  - Carolinas FIRE Rescue EMS Journal Moulage Minute 2014
  - EMSWorld Magazine; WOM, 2012-2014
  - Medical Moulage- How to Make your Simulations Come Alive; 2011
  - Moulage- Bridging the Gap in Simulation; 2009
  - Moulage Magic! Theatrical Tricks to bring Simulation to Life; 2007
- Owner, Moulage Concepts  
[www.MoulageConcepts.com](http://www.MoulageConcepts.com)
- HSEEP & TEEX Homeland Security Training
- "Moulage-The Art of Injury Simulation" Certification, Biological/Chemical/Terrorism
- Simulation Coordinator/Consultant

### Teaching/Facilitation

- Medical Trauma Moulage Workshop Cal-Fire/CERT Riverside CA 2014
- Medical Trauma Moulage Workshop Cal-Fire Sacramento CA 2014
- Trauma Moulage Workshop Pomona Hospital, Pomona CA 2014
- Emergency Medical Response (EMR) Drills, Parks & Rec. Oroville CA. 2014
- Beg/Inter/Trauma Moulage Workshops SimGhosts; 2014, 2013, 2012, 2011
- Trauma Moulage Training; VA Hospitals statewide CA, OH, 2014, 2013
- State Exercise- ACE Rail Train Derailment French Camp, CA 2013
- Burn Competency State Training Exercise, San Francisco, CA 2013
- Trauma Nurse Symposium, 2013
- EMS Today Expo & JEMS, 2013
- Pomona Hospital Emergency Preparedness Drill, 2012
- Medical & Trauma Moulage for Simulated Clinical Experience; 2013, 2012, 2011
- Bureau of Public Health Emergency Preparedness, Statewide Exercise/Vigilant Guard Exercise, 2012, 2011 Arizona

### Memberships/Affiliations

Simulation Technologies Specialist Advisory Board  
Rural Northern California Simulation Collaborative (RN- ASC)

Northern California Simulation Advisory Board  
Simulation Technician DACUM, Panel Member

 **MOULAGE CONCEPTS**  
BRIDGING THE GAP IN SIMULATION

[www.MoulageConcepts.com](http://www.MoulageConcepts.com)

The following interactive workshop is designed to enhance realism in medical moulage and emergency simulation exercises. Utilizing best practice techniques, this interactive 16 hour course will be presented in a multifarious approach including

- scenario staging and building
- accessory moulage options
- moulage care, reuse and storage recommendations
- time and money saving alternatives

**MOULAGE TECHNIQUES**

Participants will:

- Learn to use professional make-up, gels, silifix, waxes & SIM-Safe products to create beginner, intermediate and advanced medical-trauma conditions and odors.
- Learn to create life-like three dimensional wounds that can be triaged, sutured, debrided, drained and even ruptured if handled aggressively to ensure a realistic training experience in the field.
- Learn to use moulage techniques to enhance symptom assessment, injury recognition, stress inoculation and supportive decision making.

**OUR TRAINING TECHNIQUES  
SIMPLIFY THE COMPLEX!**

Time is money and we know you don't have all week! Join us for a **40 hour course** utilizing techniques that condense training into **two days**- regardless of your skill level! With attention to detail, we have a 100% success rate in teaching you how to take your training to the next level. Moulage Concepts- Assisting you in creating training scenarios that look, feel, sound and smell like the real thing!

**DIRECTIONS**

Holiday Inn Oceanside Marina  
1401 Carmelo Drive  
Oceanside, CA 92054  
Phone (760) 231-7000
